ADDITIONAL OR EXPLANATORY INFORMATION.

Salted Herring.

Everett Pacific Fisheries Incorporated under the laws of the State of Wash. Operate a Herring Saltery, fishmeal plant and oil press in connection at Thimble Bay, Knight Island, Alaska. No other fish than herring was caught for salting or canning.

This report is made at a fair estimate of all fish caught or sold and the estimated expense.

As we did not operate the fishmeal plant and oil press separate from the Saltery, consequently we had to divide it at the best of our knowledge.

I, the undersigned, being duly sworn, depose and say that the foregoing information is correct and true to the best of my knowledge and belief.

ADDITIONAL OR EXPLANATORY INFORMATION.

The Everett Pacific Fisheries, Incorporated under the laws of the State of Wash. Operate a fishmeal plant and oil press in connection with a Saltery. For that reason we have made just a fair estimate on the operation expense, also in reference to fishermen + shoremen. Also on the oil of which we have about 20,000 gals. on hand, estimated at \$10,000 we presume however that this maybe a little high. No other fish was caught for salting or canning or for the fishmeal plant or oil press

I, the undersigned, being duly sworn, depose and say that the foregoing information is correct and true to the best of my knowledge and belief.

Gentlemen:

Attention Mr. Henry O'Malley--
Field Assistant.

Enclosed herewith you will please find statistics of fish industry in Alaska for the season of 1921 for Oil Press and Fishmeal Plant. Also one form for Scotch cured Herring.

In accordance with your wishes these two reports have been made out, although the Fishmeal Plant was operated in connection with the Saltry, consequently we used the same crew for quite a lot of the work, but have separated the help as much as possible in making out these reports.

Hope that they will prove to be satisfactory.

Yours very truly,

EVERETT PACIFIC FISHERIES,
